

C50

The lightweight and easy to use **C50** Manual Squeeze Off Tool is designed to squeeze 1/2" to 1-1/4" PE pipe.

The **C50** features a swing-out / lock-in bottom bar design, with over squeeze protection provided by 4-sided, positive loading, indexable gauge plates. Aircraft grade aluminum squeeze bars, plated steel side shafts and a heat treated feed screw combine durability and function for years of trouble-free use.

The **C50** also includes a static electricity grounding spike to ensure safety during the squeeze process.
